#### How do Value Ladders and Sales Funnels go together?

Value ladder pieces are like LEGOS.

**Sales funnels** are how you put the LEGOS together.

# How can understanding value ladders help make you AND your clients more money?

# Understanding and using value ladders when building quotes for projects will help **YOU** generate more revenue.

# Understanding and using value ladders when building quotes for projects will help **YOU** generate more revenue.

#### -HOW? -

Because you can see a big picture. You will be able to offer additional suggestions and upgrades <u>in your services</u> based on their current offerings and how you can see their business growing.

By offering business intensives for potential clients, you can help map out their strategy and implementation WHILE getting paid to write your proposal.

By offering business intensives for potential clients, you can help map out their strategy and implementation WHILE getting paid to write your proposal.

-THEN-

They will be back to hire you for implementation. More revenue.

# Because you will now be your client's guru in building an effective value ladder for THEIR business.
